<h3>Others Research</h3> <p>What bodies of literature(s) are relevant? Does each Literature Support or Motivate the research?</p>	<h3>Research Design</h3> <p>What Methodology / Design was used? Principles / Objectives of the Methodology / Design What Methods of Data Collection and Analysis were used? Strengths / Features of the Methods Sampling Methods / Aspects of Context</p>	<h3>Findings / Results</h3> <p>What are the Key Findings, Results, or emergent Themes?</p>	<h3>Focal Phenomenon</h3> <p>What 'Things' are being investigated? Specify the Main Phenomenon and Specific Sub-phenomena</p>
<h3>Observations and Arguments</h3> <p>What Issues / Themes are evident? What Gaps / Problems exist? What are the Risks / Costs of the Gaps / Problems?</p>	<h3>Theory</h3> <p>What Theoretical Ideas are used or developed in the research? Developed Hypotheses? Theory Testing / Theory Generation? Conceptual Framework / Theoretical Lens?</p>	<h3>Discussion</h3> <p>How do the Findings / Results compare with Past Research? Establish links to Specific Articles</p>	<h3>Contributions</h3> <p>What are the Contributions? Establish links to Identified Literature(s) Contribution(s) Type? (empirical, theoretical, practical, methodological, philosophical)</p>
<h3>This Research</h3> <p>What are the Research Questions? What are the Benefits / Value of the Research Questions?</p>			<h3>Future Research</h3> <p>How should others use this research? What future research should be done and how can this research be incorporated into it?</p>
